

Petalas Coffee Table

by Jorge Zalszupin, 1962

Originally designed in the 1960s, the octagonal Petalas coffee table was inspired by the folded paper structures of origami, and originally reutilized the leftover pieces from another of Zalszupin's table - the Andorinha - for its fabrication. With elegant curved wood making up its minimal and striking form, the Petalas is a Brazilian mid-century classic reissued for the first time since its original launch.
