

Arquipelago Side Table

by Arthur Casas, 2011

Designed by Arthur Casas the delicate Arquipelago collection forms islands that can be playfully arranged in a number of archipelago-like configurations. The sinuous lines of the mesas evoke a mid-century modern aesthetic and reference Brazilian wood making traditions. The result: a beautiful unique and contemporary piece that transcends spatiotemporal settings.

- Base structure made of imbuia or freijó wood
- Part of Etel collection
- Made to order
