

Copacabana Sideboard

by Arthur Casas, 2016

Reference: #00001867

Inspired by the famous tiled boardwalk in Rio de Janeiro, the Copacabana sideboard shows an abstract and uneven curved line that undulates across the face of the piece. The sculpted form acts as a handle overlapping the base structure, creating visual depth and interest from all angles.

- Base structure made of natural or stained american walnut
- Available in five different sizes
