

## Francisco Stool

by Gabriel Bueno Santos

**Reference:** #00001928

The Francisco stool was conceived based on Franciscan principles, simplicity being the most important of all. With a structure in steel, a simple seat and two leather bands, it is a clean, simple solution to church furniture. Besides its original purpose of serving the religious spaces, the stool also integrates public and domestic spaces. The stackable stool was conceived to serve as many spaces, from tiny to large, as possible.

- Base structure made of black steel
- Seat available in natural American Walnut, Imbuia or Jequitiba wood
- Made to order

### Dimensions

W 16" x D 18" x H 18"
