

## Stand By Coat Hanger

by Claudia Moreira Salles, 2016

The versatile Stand By coat hanger by Claudia Moreira Salles is an alternative to most recurrent coat rack forms. The piece consists of a solid wood board · on which wooden hooks are asymmetrically attached, and opened easily by tapping their lower ends · and a concrete base, which provides stability. The hand-spun wooden bowl fixed to the top edge of the concrete base, for holding keys and knick-knacks, is an added touch.
