Martin Eisler Swing Chair

by Martin Eisler

The Martin Eisler Swing Armchair is not a convencional rocker. Characterized by a set of springs sustaining the armchair's seat and backrest, the piece flexes and adapts to the user's position for ideal comfort. The main body is made of narrow iron rods and solid hardwood armrests.

DIMENSIONS
W 20" x D 28" x H 29", SH 18", AH 22"
