

Saíra Bowl

by Carlos Motta, 2019

Reference: #00002239

The Saíra bowls are handmade by Riberinhos whose home is the Amazon, in resistant Muiracatiara wood, certified by the FSC. The three bowl sizes each reflect a unique, natural wood design, and can be placed together into one. These pieces are part of the Attom collection by Carlos Motta and his son, Diego Motta: utilitarian designs for the everyday created with sustainable materials and with responsible production choices.

- Made in Muiracatiara wood, certified by the FSC
- Part of the Attom collection
- Available in three sizes
