

Amorfa Jumbo 2 Dining Table

by Arthur Casas

Part of Arthur Casas' 'Amorfa' collection, a word that signifies the absence of a determined form, the Amorfa Jumbo dining table exists as both an aesthetically interesting and practical, modern piece. Designed to accommodate a large group, it looks to reinvent the traditional round table; its oval triangular shape helps ease conversation among a seated group. Its two cylindrical bases are made of stainless steel, and its top is available in a variety of woods.

Cylindrical stainless steel bases available in a variety of finishes
Top available in a variety of woods
