

Malhetado Stool

by Carlos Motta, 2019

The elemental 'Malhetado' stool is made from repurposed, demolition Peroba Rosa wood and recycled cotton canvas upholstery. The piece is part of the Attom collection by Carlos Motta and his son, Diego Motta: utilitarian designs for the everyday created with sustainable materials and with responsible production choices.

- Made in repurposed, demolition Peroba Rosa wood
- Upholstered with recycled cotton canvas upholstery
- Part of the Attom collection
