

Malhetado Stool

by Carlos Motta, 2019

The elemental 'Malhetado' stool is made from repurposed, demolition Peroba Rosa wood and recycled cotton canvas upholstery. The piece is part of the Attom collection by Carlos Motta and his son, Diego Motta: utilitarian designs for the everyday created with sustainable materials and with responsible production choices.

- Made in repurposed, demolition Peroba Rosa wood
- Upholstered with recycled cotton canvas upholstery
- Part of the Attom collection

Carlos Motta

Carlos Motta, a leading Brazilian architect, is known for his strong, durable and elegant designs; built in ecologically certified or reclaimed wood, he develops every step and detail of his pieces. Passionate about Brazil and its natural landscapes, he is also committed to a broader involvement in environmental conservation projects.

Motta graduated with a degree in architecture in São Paulo, 1976. He worked as a designer and cabinetmaker in Santa Cruz, California, while attending classes in building techniques at Cabrillo College. Later, Motta studied and did research in Finland on molded and rolled wood. Carlos has participated in numerous exhibitions in Brazil and abroad, including Brazil Faz Design, in Milan, Italy; International Biennial of Design, in Saint Etienne, France; and Object Brazil – 500 Years of Design, at Pinacoteca do Estado de São Paulo, Brazil. He has been awarded many important prizes, most notably the Hors Concours Award at the IX Prêmio do Museu da Casa Brasileira; First Place, Aluizio Magalhães Prize, at the V Competition of Industrial Design; and First Place, Best Furniture Design, at II Prêmio do Museu da Casa Brasileira. Motta is a professor of Planning at FAAP University in São Paulo.
