

Diamantina Bench

by Butzke

The Diamantina Collection shares its name with the Brazilian town that was a center for diamond mining in the 18th and 19th centuries. A well-preserved example of Brazilian Baroque architecture, Diamantina is a UNESCO World Heritage Site today. This collection is sleek and versatile, a design that favors the solid Cumaru wood, from which it is made.

- Base structure made of solid Cumaru wood
- Suitable for both indoors and outdoors
- Made to order
