

Sonia Stool

by Sergio Rodrigues, 1997

Designed in 1997 by furniture design master Sergio Rodrigues, the two-tone "Sonia" stool is playful and versatile, as it can be doubled as side table or ottoman. Portable and charming, perfect to be moved around to suit any room's composition or utility, the "Sonia" was an instant hit after it was specially designed for, and named after, a longtime patron of Rodrigues.

- Base structure available in cherry wood or imbuia wood
- Made to order
