ESPASSO

Mantik Bar Stool

by Attom, 2023

The stool was named in honor of the Serra da Mantiqueira mountain range, renowned for its beauty, strength, and longevity. It is handcrafted from reclaimed wood with an oxidized steel frame. These materials were chosen to simplify production and enhance the durability of each piece. All ATTOM products are made using organic, recycled, or reclaimed materials, along with artisanal production methods and finishes. Due to the unique nature of these processes, variations may occur between production batches and even between individual pieces, making each one truly unique.

DIMENSIONS
W 16" x D 16" x H 29"

Attom

ATTOM emerged naturally and organically from a desire to share the results of decades of experience creating products, transforming used garments, and exploring comfort and compelling aesthetics.

The company was established in a warehouse beside a woodworking shop that has been operating for more than 45 years. This simple space serves as a studio, workshop, and store, a place where ATTOM develops products and creates comfortable, thoughtfully made pieces that combine responsibility, quality, and beauty. The brand values both personal and professional connections with its clients, making each relationship meaningful and unique.

ATTOM develops clothing, furniture, and functional objects guided by the principles of sustainability and social and environmental responsibility. The company remains committed to evolving within these values, creating not only products but also experiences that reflect its principles and purpose.
