PL 01 Armchair

by Percival Lafer, 1961

Percival Lafer's first piece, originally the MP-01, replaced steel springs with foam and rubber straps and joined steel and wood in its structure. In his words, "a thin piece of wood supports the furniture, because it has a steel soul."

This piece is an original reedition licensed by Percival Lafer and his family, the holders of the copyrights, and produced and exclusively commercialized under the ETEL registered trademark. ©ETEL

ESPASSO

Percival Lafer

The company Lafer is today one of the most traditional furniture companies in Brazil. Since its very beginning, a strong image started to be forged by his tenacious will and commitment for quality and excellent customer service. An image which is still cultivated today, to the extreme.

In 1961, already in its second generation, the company entered into furniture manufacturing. Creativity and technological innovation stood behind the series of remarkable products launched during this period, which caused great impact on the marketplace, for its advanced designs and affordable prices.
